### CARBO-XXXIII

**"Sweet '18: Glycochemistry, Biology and Technology (SGBT)"**  
**Department of Chemical Sciences, Indian Institute of Science Education and Research (IISER) Kolkata**  
**December 19-21, 2018**

The Association of Carbohydrate Chemists and Technologists, India (ACCTI) is a scientific body of academicians, researcher technologists and industrialists involved in the research and development of carbohydrate chemistry, biology and technology in the country. Since 1984 the Association is organizing Carbohydrate Conference/Symposia (CARBO series) in collaboration with various Universities and Research Institute in India with the aim of developing sustainable platform for intellectual interaction between industry and academia.

The CARBO-XXXIII "Sweet '18: Glycochemistry, Biology and Technology (SGBT)" will be held at the Department of Chemical Sciences, Indian Institute of Science Education and Research (IISER)-Kolkata during December 19-21, 2018. The conference will focus on the development of chemistry, biology and technology associated with carbohydrates. During the conference, recent trends in this particular area will be deliberated through plenary speeches by the stalwarts from India and abroad, invited lectures by the eminent persons and oral presentation by the young researchers. Important breakthrough research will be presented through posters. Considering the importance of the translation of academic research into market specific products, technological aspects will be given special emphasis through panel discussion of the people from industry and academia.

The Organizing Committee of CARBO-XXXIII cordially invites you for your active participation in the conference to make the event successful in every aspect. Please encourage your students and young researchers to participate in the conference as they are the pillars for the future development of this important area of research. For further details please visit our website: [www.accti.in](http://www.accti.in) and contact the organizing secretary at the following address:
