FIRST CIRCULAR

CARBO-XXXVIII: International Conference on “*Recent Advances in Glycoscience and Glycotechnology*” being jointly organized by the Department of Bioengineering and Technology, Gauhati University, Guwahati, Assam, and the Association of Carbohydrate Chemists & Technologists (India) from **4-6 December, 2024**.

The Association of Carbohydrate Chemists & Technologists (India) (ACCTI) is a scientific body consisting of academicians, scientists, technologists and industrialists actively involved in Carbohydrate Research in the country. The Association has been organizing Carbohydrate (CARBO-series) Conferences in collaboration with various Universities and Research Institutes in India since 1984 with the aim of developing a sustainable platform for effective intellectual interaction between scientists and industrialists working in this area.

The International Conference on “Recent Advances in Glycoscience and Glycotechnology” (CARBO-XXXVIII) will be held at the **Department of Bioengineering and Technology, Gauhati University, Guwahati, Assam, India** from **4-6 December, 2024** under the auspices of the Association of Carbohydrate Chemists & Technologists (India).

The organizing committee of CARBO-XXXVIII cordially invites you and your fellow colleagues for active participation in the forthcoming conference at the Department of Bioengineering and Technology, Gauhati University, Guwahati, Assam, India. Please encourage young researchers and your students to participate in the conference. For further details about CARBO-XXXVIII Conference, please visit our websites: <https://www.accti.in> & <https://gauhati.ac.in> and contact the Organising Secretary of the Conference on the following address:
